Super Controller: Precise Control For Less Money

Master-Bilt's new Super Controller electronic control option for remote endless glass door merchandisers, as well as walk-ins, offers most of the functionality of its big brother the Master Controller but at a lower cost. [More...](#)

Price Reduction On Fusion Plus Freezers

Yes, you read that correctly, we've decreased pricing on Fusion Plus MBGRP-HG swing glass door freezers. To get the latest pricing and other details, [see page 54 of our July 23, 2013 price list.](#)

Black Is The new...Black!

Black is gaining in popularity for merchandisers. More retail customers seem to be discovering that black contrasts well with merchandised product and makes it more eye-catching. That's why, beginning in August, we are changing the standard exterior color of the Fusion MBGR swing and slide door models to that popular color. List pricing will remain the same.

New Size for Bottle Coolers

Through customer research and comments, we discovered that the MBBC69 model bottle cooler didn't quite match industry standard widths so we reduced its width by 4 inches and renamed this size MBBC65. [See the MBBC spec sheet for details...](#)

Reversible Door For Fusion Reach-Ins

Now you can field reverse your single solid door Fusion reach-ins from right hand to left on models built after September 2012. If your reach-in has a serial number beginning with "1209" you can order the conversion kit, part number A02-146524, and change your door. Contact your Master-Bilt representative or call us at 800-647-1284 for more details.
