

ENHANCED GLASS DOOR FREEZER MERCHANDISERS

Energy-free, fog-free doors eliminate condensation when opened.

Standard Door Fog-Free Door

New Glass Door

- Most energy efficient freezer door in the industry – zero heat
- Advanced insulated glass pack offers humidity protection up to 74% RH*
- Anti-fog coating means doors are always clear, even during openings and heavy use
- Increased reliability by eliminating electrical components

New LED Light

- Full-length light bar for even illumination from top to bottom
- DesignLights Consortium™ listed
- Superior illumination and energy efficiency at over 80 Lumens/Watt
- Enhanced merchandising with 90+ CRI

Energy Efficiency

- ENERGY STAR 4.0 qualified
- Exceeds DOE 2017 efficiency standards by 25-35%
- Laboratory tested against leading competitor's hydrocarbon case
 - BLG-74-HGP used 28.7% less energy in industry standard test
 - \$260/year energy savings based on \$0.12/kWh

*Based on lab testing at 75°F ambient temperature and -10°F case temperature

Freezers may be eligible for energy rebate programs in your area. Download the "CFS Incentive Guide" from energystar.gov and check for programs in your state under the "Refrigeration" product category.
