

MB MASTER-BILT® FUSION™ SERIES

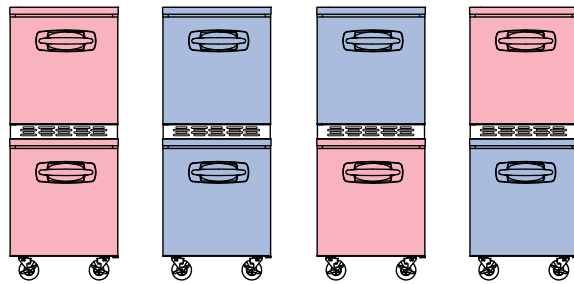

ENHANCE YOUR UNDERCOUNTER REFRIGERATOR OR FREEZER WITH A WIDE RANGE OF OPTIONS

STACKING KITS

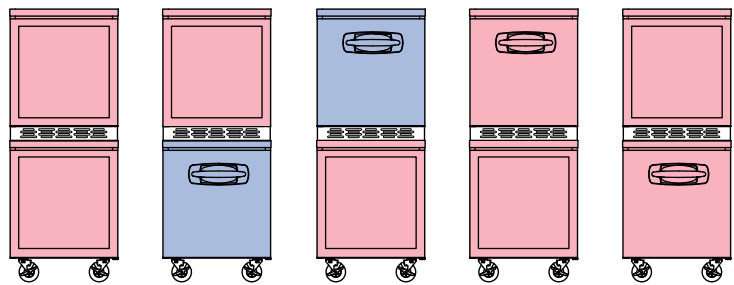

Make the most of your valuable workspace by stacking two single door 27" wide undercounters on top of each other for an over/under effect. Many configurations of refrigerators and freezers are possible to suit your needs.

SOLID DOOR CONFIGURATIONS

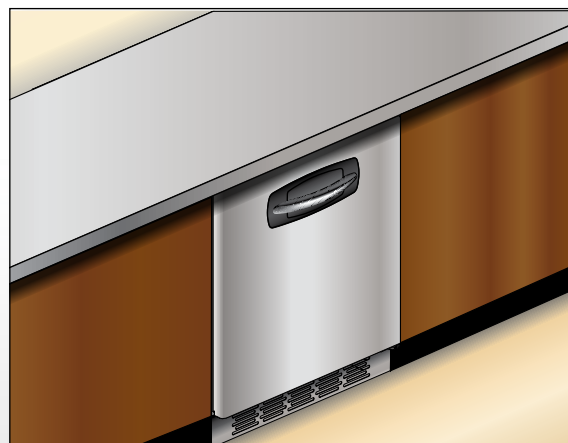

GLASS DOOR CONFIGURATIONS

4" BASE KITS

Base kits allow undercounters to be totally enclosed on back, top, bottom and sides so they can be incorporated into custom counters. Kits may be ordered factory installed with the undercounter or as a retrofit on most MBU-A models.

REFRIGERATED DRAWERS AND OVERSHELVES FOR SOLID DOOR MODELS

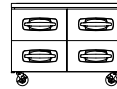

Extend the convenience of your Fusion™ undercounter/worktable by adding a single or double overshelf or refrigerated drawers. Refrigerated drawers are available on solid door MBUR-A refrigerators (excluding MBUR36A). Overshelves are available on all MBU-A/MBURG-A models.
